AKo	Raise 3x	Re-raise 3x	Call	Call if <40bb

Flop plan

AA — Pocket Aces

Overpair on almost every board. Bet 66-75% pot for value on every street.

KK — Pocket Kings

Second-best hand preflop. Bet big unless an ace appears.

QQ — Pocket Queens

Strong overpair unless A or K hits.

JJ — Pocket Jacks

Trickiest hand in the deck. Great low boards, terrible with overcards.

TT — Pocket Tens

Medium pair. Best on low boards or when you flop a set.

99 — Pocket Nines

Set-mining hand. Hit a 9 = jackpot. Miss = release.

AKs — Big Slick suited

Needs A or K to be strong; flush potential as backup.

AKo — Big Slick offsuit

Same as AKs but no flush potential.
